Missionaries to
PUERTO RICO

November '21

Dear Pastor and Praying Friends,

God has been blessing us. As we have just celebrated Thanksgiving, we were reminded of some of the many blessing for which we are thankful. We would like to say thank you to everyone who has prayed for us and supported us. We have been thrilled to see God working through our ministry.

These last couple of months have been months of repairs. We believe the church was struck by lightning, which affected all the electrical systems. While trying to find what was causing the problems, I found that the breaker box was what I would describe as "crispy". Praise the Lord, another missionary was able to come help us replace the breaker box. We also had to repair the electrical damage on three of the air conditioners at the church.

The main water line to the church broke. The line runs under our parking lot, so we had to dig a trench through the parking lot to run a new water line.

We had to replace the faucets in the bathrooms at the church. In the end, our water bill has dropped substantially, which is a blessing to the church.

The cameras are set up at the church. We have seen a drastic reduction in the number of problems on the front porch of the church. The cameras also have already stopped what appeared to be another break-in attempt. Our family and the church family have felt much safer since the security system has been in place.

Please pray for our upcoming Christmas outreach program. We will be putting on a Christmas presentation and inviting the community. Please pray that many will attend, and that souls would be saved as a result.

Thank you all again. You are a constant encouragement to us.

In Christ,

Jerrod, Bernadette, and Jack Montgomery
